The census date is the last day you can withdraw from the course or part of the course without incurring tuition fees for either that part of your course or all of your course. If you are using a VET Student Loan (VSL) to cover part of your tuition fees, and you withdraw, or notify the college AFTER a census date, you will still incur a VSL debt for that part of your course, and any other VSL amount charged for previous subjects undertaken.

If you wish to withdraw from the course at any time, and you are using VSL as part of your tuition fee payment, you need to notify the college in writing either email or letter BEFORE or on the census date, to ensure you will not incur a further cost.

You will still be liable for any VSL that was charged previous to your withdrawal- but you will not be charged further if notification, is before or on census date.
