OUR HISTORY

At Patrick's College Australia (PCA) we are very proud of our long history. For 100 years we have been supporting people to gain the skills and qualifications they need to thrive in their chosen careers.

Patrick's College Australia (PCA) was established by the Sisters of Mercy in 1923. It is one of Australia's oldest vocational business colleges. The College was originally established to help young women gain employment in Sydney's corporate world by training them to be personal assistants and legal secretaries.

Today, PCA graduates continue in this long tradition of quality training which leads to successful careers in the corporate and community services sector. We offer flexible workplace, online and classroom training in business, leadership and management, screen media and individual support.

Patrick's College Australia (PCA) has had several name changes over the years but is probably best known as ST PATRICK'S BUSINESS COLLEGE.
